CARE, NOT CHAOS

MAKE A CALL TO SAVE AFFORDABLE HEALTHCARE!

CALL 866-426-2631 NOW!

**Call your Member of Congress NOW and tell them:
Do not repeal the Affordable Care Act without a plan in place
to ensure access to healthcare for all Americans.**

Don't forget to share your own experience of why access to quality
and affordable healthcare is important to you and your community!

Extreme right-wing elected officials in D.C. are determined to abolish the
Affordable Care Act. This action would cause 22 million hardworking
Americans to lose their healthcare and threaten the economic viability
of our healthcare institutions. Repealing the ACA without a plan in place
to maintain affordable care will cause chaos for patients, providers and
workers. Tell Washington they must first replace the ACA with a plan that
continues coverage for the 22 million, prevents insurers from denying coverage
unfairly and maintains Medicaid funding for the states.

It is time to take action! Join 1199SEIU healthcare workers who are speaking
up for affordable healthcare **NOW.**
