NO!**

Andrea Smyth

FOR RENSSELAER COUNTY EXECUTIVE

Andrea Smyth is putting Rensselaer working families first by supporting stable jobs with good wages and benefits. She wants to make our region a more affordable place to live and work by keeping our property taxes and energy costs low. She strongly believes that working people should be able to make ends meet and support our families without struggling to survive.

Andrea is a child health advocate and community leader who is taking a stand against hate groups and is committed to the fair treatment of all people.

She is the Executive Director of the New York State Coalition for Children's Behavioral Health and has spent the past 18 years working with healthcare providers and families to ensure that young people in need get the care and services they deserve. Andrea supports quality care and good jobs, and for years has been fighting along with us to protect and improve our hospitals and nursing homes.

She is working with Congressman Paul Tonko on a lifesaving measure that would keep dangerous contaminants out of our drinking water, and protect the health and safety of our families and communities.

Let's elect Andrea Smyth for Rensselaer County Executive, a powerful voice on behalf of our families.

The current wave of intolerance and extremism is threatening our human rights, health care, jobs and livelihoods. It has never been more important to elect strong leaders like Andrea Smyth, who will stand up for equality and economic security, so our families and communities can thrive.
