Extremists in Washington are threatening our rights, our livelihoods, and our ability to live and work with dignity. With that in mind, *it has never been more important to elect leaders who share our commitment to fairness.* Shelley Mayer has been standing with 1199SEIU members in Yonkers to protect our jobs and help win fair contracts for years. For decades she has been fighting for health care, civil rights and equality, and now we have the chance to elect her to the NYS Senate, where she will be an even stronger voice for us. **On April 19, come meet our endorsed candidate, Shelley Mayer, and learn more about the Special Election being held later in the month.**
